

ALTERRA1 MECHAS

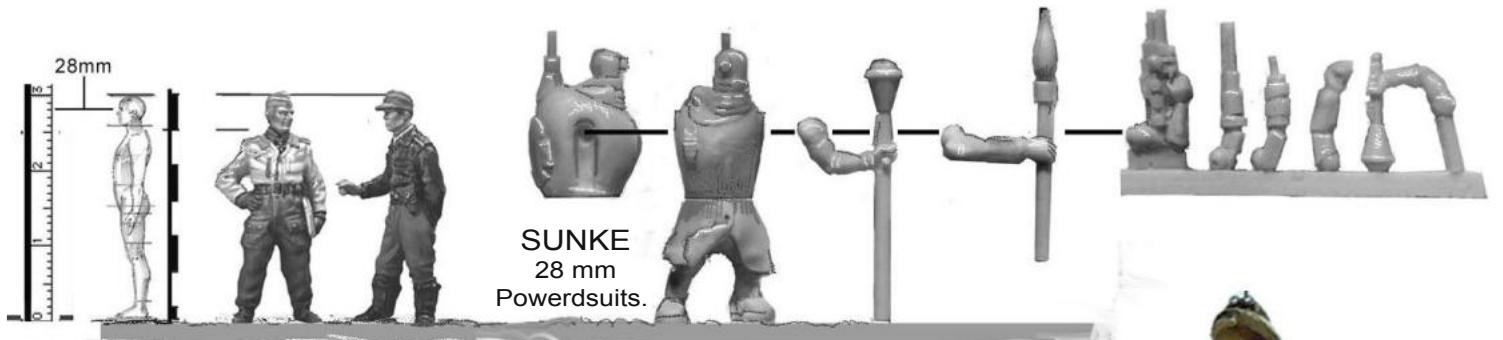

28mm & 1/72 WARGAME RANGE

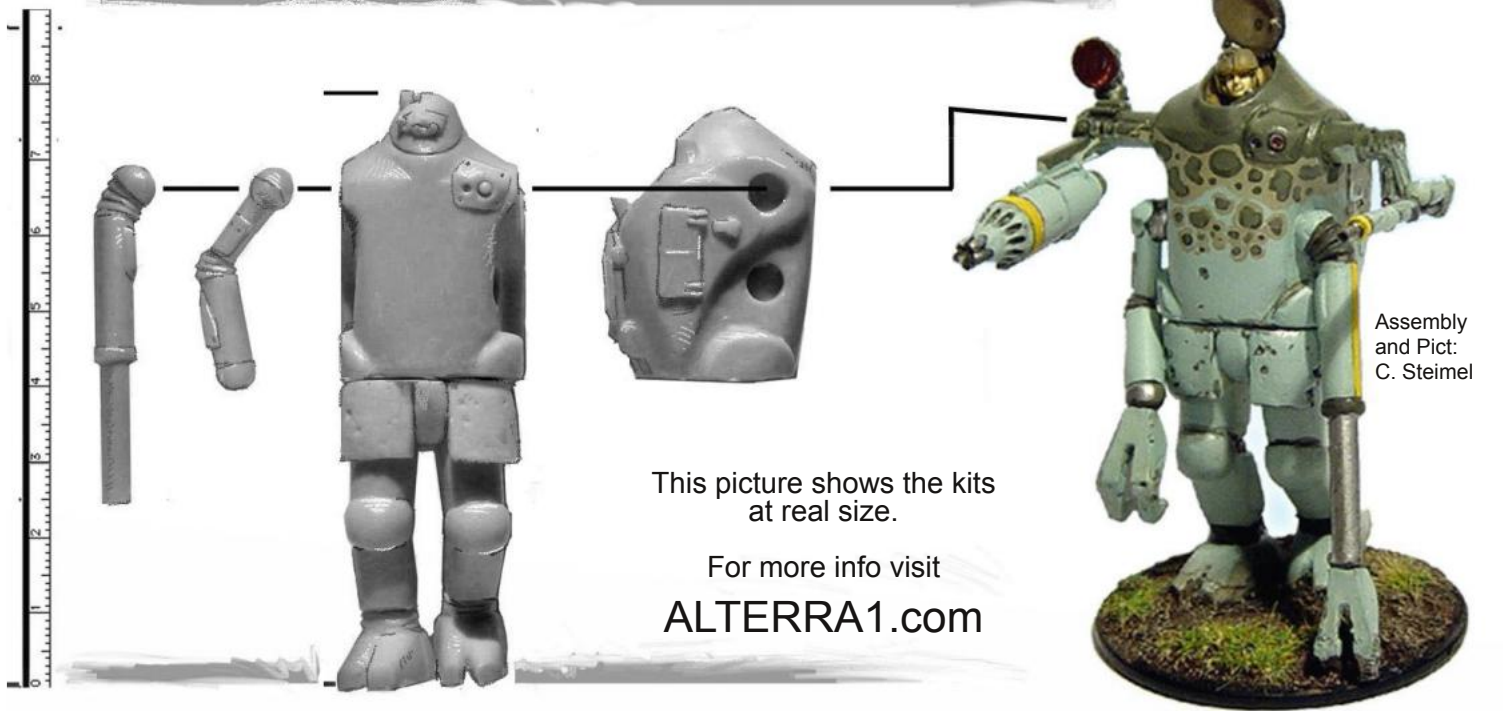

Left: LeichtGeher; right: SchwerGeher

These light and heavy Mechas share the same modular weapon system. They are a design family with various versions and differences, and they are evolving as I usually modifie them at every new molds.

Weapons varie depending on your box. You can adapt weapons of your own, for instance parts from others 28mm ranges or 1/72 injected kits parts.
